Evil exists in everyone, even in the angels.

Penemuel (Pen) fell from grace over a millennium ago, yet there are still times she questions her decision to follow her twin brother, Azael, to Hell. Now that the archangel Michael has returned, threatening Lucifer's vie for the throne, she begins questioning everything she has always believed.

As Hell prepares for war—spreading a demonic virus and pilfering innocent souls to build an army—the lines separating the worlds blur. Fates erase and the future is left unwritten. Azael is determined that he and his sister will continue to serve as demons together, but for the first time in her life, Pen is not ruled by destiny. She has the freedom of choice.

With choice comes sacrifice, and Pen must decide which side she's willing to risk everything fighting for: the light, or the dark.

Praise for *Ignite*

“You know when you pick up a book, and from the first letter of the first word, of the first sentence, of the first paragraph, of the first page, you are completely sucked into the world the author has created? I, for one, love those books, and I am happy to say that *Ignite* fits the description perfectly.” — *Delicate Eternity*, starred review

“*[Ignite]* is so well composed and the discussions meticulously formed that I found it impossible not to become completely involved in the story. Pen is one of the most extraordinary characters I feel a reader will meet in contemporary fiction.” — *All In One*, starred review

“*Ignite* is fascinating in its story and exquisite in its rendering. I loved every moment! There are many details in this story and many, many lovely words.” — *Bookworm Brandee*, starred review

Book #1.5 in the *Ignite Series*

Ebook ISBN: 0991789768

I'm going to bury Eden under my words.

With the aftertaste of Heaven still strong, Pen and Azael cloak themselves in their new demonic destinies, fighting for Lucifer against the angels. Pen, warring against former friends turned vengeful enemies, still struggles with defecting to Hell. But in one short battle, they go from forgotten to famous, thrust into the spotlight where she has no room for uncertainty.

Suddenly top-tiered demons, they're tasked with seeing through hell's new agenda: corrupting man. But tarnishing Eden isn't as simple as they thought it would be, especially when they're forced to work with another team of demons who are trying to claw their way up the ladder of power.

Entice is an e-novella that prequels Pen and Azael's story in *Ignite*
